INS-0018 REV H (HWK-0035)

ALTERNATE FIXTURES

These alternative styles follow the same installation instructions as the illustration shown below.

Fan Cast Guard
with Wire Guard

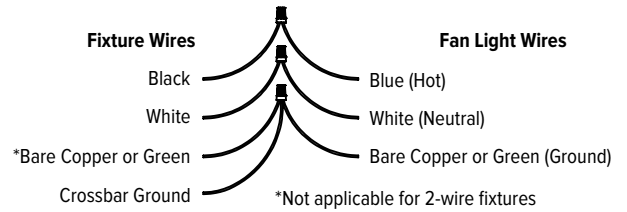

Fan Cast Guard
with Standard Guard

IMPORTANT

Read all instructions before assembly. Installation is to be done by a qualified professional. **For wet locations, junction between the mounting surface and luminaire must be sealed with caulking.**

CAUTION: Risk of fire, this product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

WIRING DIAGRAM

INSTRUCTIONS

1. Disconnect power at the electrical panel before installation.
2. Remove fan canopy (A) from fan (B). **NOTE: Existing fan canopy (A) will no longer be needed.**
3. Cut and strip blue and white fan light wires.
4. Wire nut (C) blue fan wire to black fixture wire and white fan wire to white fixture wire.
5. Tuck wires into fan junction and secure shade canopy (D) to fan (B) with supplied canopy screws (F).
