

PLUG-IN CORD OPTIONS

MKT-0022, REV B

For increased portability and non-permanent installation, select fixtures are available with plug-in cords. This plug-in option includes a 2-prong polarized plug, inline on/off switch, and 6 or 8 feet of cord. Most cords are CSA-rated for damp locations; however, certain options are approved for dry spaces only. The SWH-Standard White Cord and CSW-White Cloth Cord feature a white plug and switch while a black plug and switch comes standard with all other cord options.
