

THE FINISHING TOUCH

At Barn Light Electric, we pride ourselves on our unparalleled selection of finishes. From high-gloss porcelain enamel to flat matte, polished metals to solid wood, our team of artisans hand apply and create each of our one-of-a-kind finishes.

PORCELAIN ENAMEL

Our signature porcelain enamel finish is coated multiple times onto a steel base and cured at high temperatures to create a durable, glossy glass surface. We are proud to be the only lighting manufacturer in the United States to offer this protective finish. Available in 11 classic colors and a range of artistic hand-painted styles, our porcelain enamel finish is a versatile and enduring choice for any space.

THE POLLOCK COLLECTION

Taking inspiration from the iconic artist Jackson Pollock, this porcelain enamel collection showcases a stunning array of dripped and splattered artistic finishes.

GRANITEWARE

Indulge in the whimsical charm of our graniteware paint technique. This finish is available on all of our porcelain enamel kitchenware and a select handful of our fixtures. Add some vintage accent to any project with this unique finish.

CUSTOM FINISHES

If you have a specific finish in mind that you don't see in our current offerings, simply email the RAL color number to custom@barnlight and we will try and match it for you!

THE MIG COLLECTION

Transforming old acetylene gas cylinder tops into petite industrial lighting, our up-cycled Mig fixtures are an appealing blend of sustainability and style. Available in porcelain enamel and a range of rugged retro spray paint finishes.

COPPER & BRASS

Add character and charm to your space with the timeless beauty of raw copper and brass. To develop a natural patina over time, select the "raw" option. Alternatively, choose from our hand-aged options such as "weathered" or "oil-rubbed" for a finish that will maintain its unique look for years to come.

WOOD FINISHES

Elevate your space with a fixture that truly stands out from the crowd, available in premium walnut, ash, oak, and maple wood options. Meticulously carved and oiled by our master woodworkers, these exquisite finishes are exclusively offered as part of our Timber & Ore collection.

POWDER COAT

We offer more powder coat finishes than any other competitor! Browse our selection to find the perfect hue for any project.
