

Why Choose BARN LIGHT

Inspired by a deep-rooted love for vintage-industrial lighting, Barn Light upholds the values of American craftsmanship. Each product is handcrafted on Florida's Space Coast, ensuring top-notch quality and exceeding your every expectation.

HANDCRAFTED, AMERICAN MADE

Choosing the perfect light fixture from a sea of options can be overwhelming, but at Barn Light Electric, we believe the decision is simple. We prioritize quality over quantity, using only top-notch, commercial-grade materials to ensure our products are durable and long-lasting. Our handcrafted, American-made fixtures offer a wide range of finishes, accessories, and customization options that set us apart from our competitors. We are confident that once you experience that unmatched craftsmanship of our products, you will understand why Barn Light is the easy choice.

WHAT SETS US APART

Our products are crafted in-house with meticulous attention to detail, ensuring that every aspect of our light fixtures and housewares is created with individual care. The shades for our light fixtures are spun on a lathe using traditional techniques from the 1800s, giving them a unique character and durability that sets them apart from machine-made alternatives. Our wood elements are carved from solid wood by our skilled artisans in the wood shop. Each product is hand-painted, allowing us to create custom finishes that are truly one-of-a-kind. We take pride in creating, building, and shipping each product with our own hands. When we say "handcrafted," we mean it.

YOU DESIGN IT, WE CREATE IT

Our approach to manufacturing is different than the big box stores with countless prefabricated products sitting on the shelf. Think of us as a scratch kitchen – we don't begin crafting until your order is placed. This dedication to quality means we can prioritize creativity, quality, and personalization for each customer.

YOU WANT MORE? YOU GOT IT

Discover an extensive selection of shade profiles, accessories, finishes, and mountings at Barn Light – we have it all. And for those seeking something truly unique, we offer the opportunity to collaborate on custom fixtures and products. Contact custom@barnlight.com for more information. The only limit is your imagination when it comes to what we can create together.

NEED IT FAST?

While we pride ourselves on our products being made-to-order, we recognize that some projects have urgent timelines. That's why we have curated a selection of Quick Ship items to meet the needs of those on a deadline!* Experience the best of both worlds with our American-made products, crafted with quality and precision, and ready to ship within 48 hours.
