

SCHOOLHOUSE LED STEM MOUNT PENDANTS

MKT-0017, REV A

Bridging classic designs and modern technological advances, LED Schoolhouse Stem Mounts feature iconic glass shades and energy-saving efficiency. By integrating the fixture's wires and high-performance LEDs into its design, the pendant is fully protected in damp locations and commercial settings. The canopies used for low lumen lights occupy a smaller profile while high lumen fixtures require a larger, more substantial canopy.

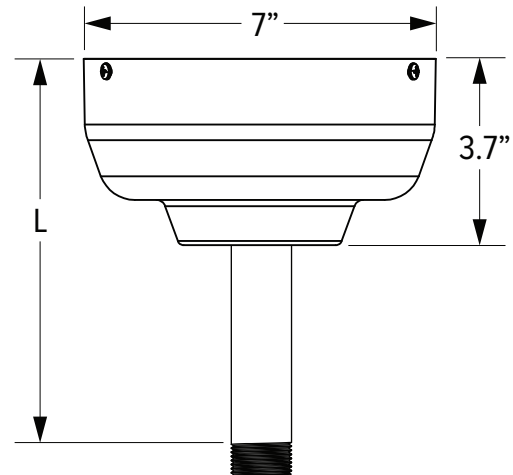

1/2" STEM MOUNT (ST5XX)

1/2 - 14 NPT

CODE	LENGTH (L)
